

A photograph of a wind farm with several white wind turbines on rolling, brownish hills under a blue sky with scattered white clouds. The turbines are spaced out across the landscape, with one in the foreground on the right and others receding into the distance. The ground is a mix of dry earth and sparse green grass.

ACCESSIBLE POWER SUPPLY

Company's profile

KS
ENERGOSBYT

LLC KS Energosbyt

As a member of the wholesale electricity market, the independent energy supply company LLC KS Energosbyt offers consumers comprehensive services for the purchase of electricity.

Our experience shows that consumers of LLC KS Energosbyt usually reduce the cost of purchasing electricity (up to 18%) due to proper pricing strategy and low operating costs relative to a purchase from a Guaranteeing Supplier in the region.

The formation principle of tariff

The tariff of the regional Guaranteeing Supplier

The tariff of LLC KS Energosbyt

Sales markup, applied in calculations with the Consumer

The sales markup of LLC KS Energosbyt, which will be used in the calculations, depends on the Consumer's choice. It may be:

-  **Fixed**, in rubles/kWh, which is not tied to the sales markup of the Guaranteeing Supplier in the region.
-  **Percentaged**, as a percent of the sales markup of the Guaranteeing Supplier in the region.

* Using one of these principles the Consumer has the opportunity to save about 200 thousand rubles monthly with the electricity consumption about 1 million kWh per month, if the Guaranteeing Supplier has a sales markup of about 0.25 rubles/kWh.

Our benefits

-  **Transparency of the tariff**
-  **The opportunity of obtaining an economic effect from the moment of the conclusion the Energy Supply Contract**
-  **High-quality energy traders**
-  **LLC KS Energosbyt prepares monthly price reports for Clients**
-  **Personal manager**
